**Music Committee Fundraising Proposal:** PMC approved fundraising project including 4 concerts at BUUF this summer. Funds to be put towards purchase of a new piano. PMC has asked the music committee to think of ways to integrate this into the social justice ministry vision.

**Strand Leader Reports:**

Fellowship Strand:

Jay W. has begun the Task Force to examine BUUF Welcoming Team and New Member classes last week.

Stepping Stones is being well received, averaging about 10 attendees per session.

Justice Outreach Strand:

Concerned that no one spoke on behalf of the congregation for Add the Words. The Justice Outreach Council (in planning stage by Debra Smith) would create a speakers bureau to be organized around specific topics. This is some of the more long term planning that Debra and others would like to happen within the SJ arena at BUUF.

Bob Huntley wants to bring forward an initiative about tax reform. Debra S. will suggest he partner with the Mt. States Group on Fiscal Reform as they are studying the tax code and it would be good to use that interest and expertise. If Bob H. wants to pursue the matter only

within the Fellowship, he will be asked to complete a Proposal to Conduct an Activity Form and bring it to the PMC for consideration.

Religious Education Strand:

Teacher Retreat, partnering with Corpus Christi House through Jeanette Ross's connection with Interfaith Sanctuary. BUUF's youth made items for Corpus Christi's children at February's First Sunday activities. It was one way for our kids to partner with and connect with homeless children.
